SUMMARY

Frontend Developer with hands-on experience in building modern, responsive, and interactive web applications using React, Tailwind CSS, and JavaScript. Skilled in developing real-world projects including e-commerce carts, chat systems, and dynamic dashboards. Strong understanding of clean code, UI/UX principles, and API integration. Seeking a full-time opportunity to contribute to a dynamic tech team and grow as a professional developer.

CORE SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Redux Toolkit

- Styling Tools: Tailwind CSS, Bootstrap, Responsive Design, Figma to Code
- State & Data Handling: useState, useEffect, useRef, Redux, Local Storage
- Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, Supabase, npm
- Soft Skills: Team collaboration, problem-solving, clean code practices, eagerness to learn

PROJECTS

- E-Commerce Cart System | React, Redux Toolkit

Developed a complete shopping cart system with dynamic quantity, pricing, and live cart counter using Redux. Integrated product API and implemented add-to-cart logic with smooth UI feedback.

- Weather App | HTML, CSS, JavaScript, OpenWeatherMap API

Designed a responsive weather app that fetches real-time weather data using an external API. Users can search any city and get current temperature, humidity, and weather conditions. Clean UI with intuitive UX.

- Chat App React Firebase with Authentication

Real-Time Chat App | React, Firebase, Firestore, Tailwind CSS
Developed a secure and responsive real-time chat application using Firebase Authentication and Firestore.
Features include one-on-one chat, email verification, image upload, and live message updates.
Used Tailwind CSS for modern UI and React hooks for state management. Integrated user profile system and clean routing.

EDUCATION

- Frontend Development (1-Year Diploma)
- Expertizo University
- 2024 – 2025
- Covered HTML, CSS, JavaScript, React.js, Git, API integration, and responsive web design. Built multiple real-world projects and gained hands-on experience in modern frontend technologies.

Intermediated
Allama Iqbal College
2022 - 2024
